While many visitors may have already noticed the expansion at the west side of Cedar Hill Cemetery, Executive Superintendent William Griswold is pleased to announce work is nearing completion and anticipates lots will be available for sale beginning in January.

“Located at the highest point in the cemetery and encompassing expansions of sections 15 and 23, the new memorial grounds are a desired location for many families” explains Griswold. “The top of the new section provides an incomparable view of Hartford’s skyline” said Griswold.

The Hillside project, which began in 1997, is located atop a ridge of Cedar Mountain on the west side of the Cemetery. The project’s design follows the vision of Cedar Hill’s original landscape architect Jacob Weidenmann; and includes open spaces, trees,

NEW BENCHES WELCOME VISITORS

Visitors entering Cedar Hill are invited to stop and enjoy the ornamental foregrounds, where the main drive passes along beautiful Llyn Mawr, an 8 acre man-made pond. The area provides an ideal habitat for a variety of wildlife, including song birds, deer, beaver, muskrat and waterfowl.

Whether bird watching, taking a break in the shade following a walk or bike ride, or just stopping for a moment to experience the area’s natural beauty, benches have been placed for visitor use and enjoyment. The fall and early winter provide some of the most beautiful scenes, with the colors of the season

reflected in the waters of Llyn Mawr.

While visiting, we ask that you please abstain from feeding waterfowl. Feeding the ducks and geese discourages the birds from foraging for their own food, as well as migrating in the colder weather.

THANK YOU TO TREE FUND DONORS

Cedar Hill Cemetery & Foundation would like to thank everyone who donated to our Tree Fund in FY12 (October 1, 2011 – September 30, 2012). The Tree Fund directly contributes to the care and planting of trees at Cedar Hill.

The Tree Fund supported the April 2012 tree planting in celebration of Arbor Day. Cedar Hill collaborated with Knox Parks and community volunteers to plant over 30 trees including oak, maple and dogwood specimens. The Cemetery & Foundation were delighted to be able to partner with Knox Parks to begin the process of re-planting trees after the devastation of the October 2011 snowstorm.

decorative shrubbery, ponds and roadways that follow the natural sweep of the terrain. “In fact”, explains Griswold, “roads in the new section were placed so that some of the larger trees and existing wooded areas were preserved. These serve as a backdrop for the new memorial grounds.”

Included in the new section are single and large family lots, as well as lots that will accommodate private mausoleums. Families wishing to purchase in the new area may do so by calling the office to schedule an appointment.

Staff Updates

New Staff

Cedar Hill Cemetery is pleased to welcome Karin Schumey to its staff as a customer service representative / administrative assistant.

Prior to joining Cedar Hill, Karin worked for several area non-profit organizations, providing office and accounting support. She has two boys, ages 10 and 15. While her children were young, she was a stay-at-home mother who also owned and operated an in-home daycare center.

A native of Connecticut, Karin enjoys the fall weather, going for walks, practicing yoga, and keeping a healthy diet. She is very intrigued with Cedar Hill’s history and buildings; and appreciates the warm welcome she has received from Cedar Hill’s staff.

New Addition

Customer Service Representative Nina Arora welcomed her first grandchild, Evan Paul, on September 8.

Cemetery Reminders

Flush markers will not be accepted after November 16, 2012.

Cemetery staff will begin removing leaves in November. Please refrain from placing holiday decorations until fall clean up is complete.

Cedar Hill welcomes visitors 365 days a year, with the main gates remaining open from 7:00am until dusk.
